# **SPEEDMAN<sup>®</sup> FLEX**

**EXTRA COMPACT & FLEXIBLE –  
WITH HIGH SPEED**

# SPEEDY & FLEXIBLE, PERFECT INTEGRATION

## SpeedMan® Flex – small and ergonomic, with teaching function

The SpeedMan® Flex is a high-speed paper filling system for different paper qualities. It is extremely variable, ideal for decentralised use and, where space is very restricted, can be integrated particularly effectively in existing workstations. It is the most rapid system available, producing filling material at speeds of up to 2.8 m/s. The SpeedMan Flex® has a cutting function and can also be operated in extraction mode. Delivery lengths can be entered directly at any time in the workstation using the teaching function – with no programming necessary.

With a choice of two attachments (for the SpeedMan® roll or ComPackt® paper), it enables the flexible use of different paper qualities to suit requirements. The paper used is a Blue Angel award winner being manufactured as 100 % recycled paper for you as part of one of our Eco-friendly solutions.

### Your one-stop provider – Made in Germany

Production of the machine and paper conserves resources, conforms to the latest technical standards and is realised in Germany with the assurance of ISO 50001 certification.

### 100 % recycled paper

SpeedMan® rolls and ComPackt® paper are Blue Angel award winners and certified by the FSC®. It consists of 100 % recycled paper with no added virgin fibres, optical brighteners or refining agents which are harmful to health.

### Technical data

#### System

Width: approx. 400 mm  
Length: approx. 530 mm  
Height: approx. 210 mm  
Weight: approx. 23 kg  
Feed: 0.6–2.8 m/s,  
continuously adjustable

Discharge height:  
Variably adjustable

Noise level: < 75 dB (A)  
Stand variants: Roll frame  
Floor frame  
Table frame  
Pivot arm

Accessories: Roll reservoir  
Stack reservoir  
Deflector

#### SpeedMan® rolls/ComPackt® paper

Grammage: 70 or 90 g/m<sup>2</sup>  
Basis: 100 % recycled paper  
Delivery unit: 33 SpeedMan®  
rolls on a pallet  
or ComPackt® paper

Environmental certificate:  
Blue Angel  
FSC® seal (FSC® C151439)

Country of manufacture  
Paper/Machine: Germany
