

Speed Man **MAX**

SPEEDMAN[®] MAX

**THE HIGH-END SOLUTION
FOR LARGE FILLING VOLUMES**

MAXIMUM SPEED FOR MAXIMUM VOLUME

SpeedMan® MAX – the high-speed filling system for very large shipping volumes

SpeedMan® MAX is ideal for consignors with major filling material demands for central filling in the shortest possible time. Regardless of whether large quantities or high volumes are involved – SpeedMan® Max delivers at extreme speed and incorporates an automatic cutting function and individual length programming. With SpeedMan® MAX, loading intervals for the eco-friendly paper are reduced to a minimum and particularly easy, as the SpeedMan® MAX can be equipped with an endless pallet of ComPackt® fanfold paper.

The SpeedMan® MAX is the fastest paper filling system in the world and ideal for use in centralised packaging stations or as an end-of-line solution that considerably accelerates the packing and filling process.

Your one-stop provider – Made in Germany

Production of the machine and paper conserves resources, conforms to the latest technical standards and is realised in Germany with the assurance of ISO 50001 certification.

Technical data

System

Length: approx. 1,500 mm
